

We saw some wonderful reflections in your sunglasses last week. Well done, everyone. This week, use your measuring skills to find the capacity of the jugs below. You could then measure some amounts at home using your own kitchen jug - make sure you ask first! (Make a list of your own findings).

(Tables test - depends on group) Good luck!

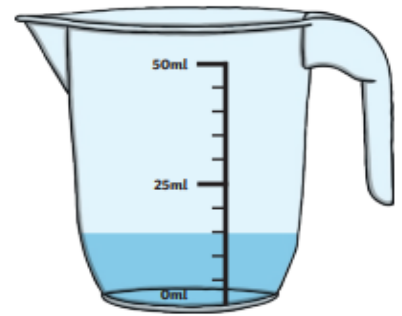

How much water is there in each jug?

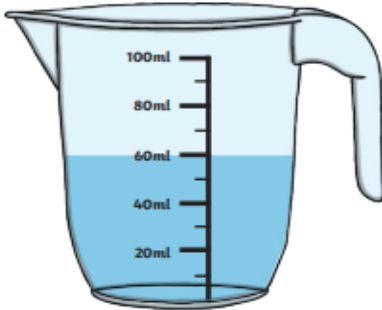

1. _____ ml

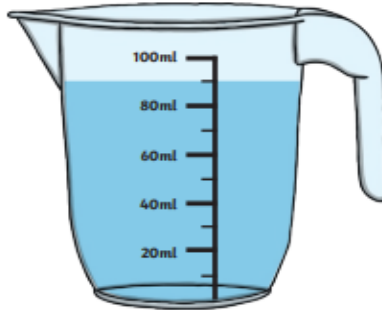

2. _____ ml

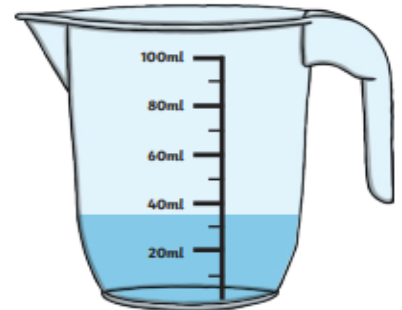

3. _____ ml

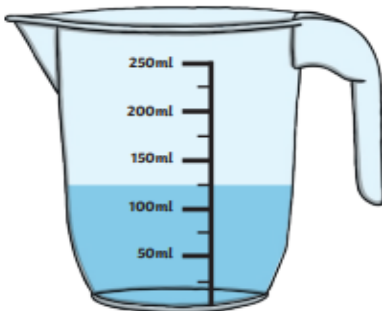

4. _____ ml

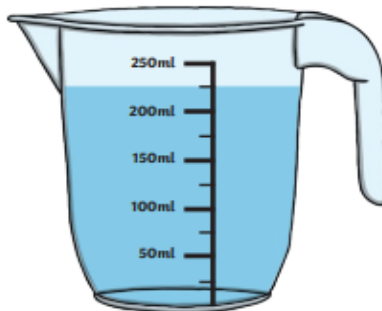

5. _____ ml

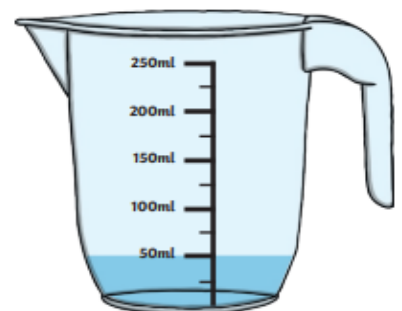

6. _____ ml

7. _____ ml

8. _____ ml

9. _____ ml
