

## How can you help your child at home?

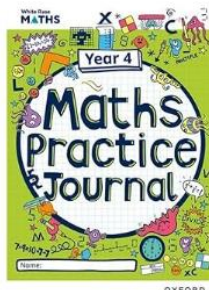

There are various ways that you could enhance your child's learning at home.

- White Rose 'Maths Practice Journal' – these can be bought from Amazon for £4.99 (one book covers the whole year, matching the work with what your child is being taught at school).
- White Rose FREE workbooks – see White Rose website where you can download/print your own version.
- White Rose '1 minute maths' app – see the WR website.
- White Rose 'Maths with Michael' – short videos on the WR website.
- White Rose 'Fluency Bee' – 12 months for £42 – see WR website.

In addition to White Rose resources, our school also pays for your child to have access to the fantastic Times Tables Rockstars app. This is free for your child to use. All children should be fluent in their times tables by the end of Y4. TTR will help your child achieve this. Please visit the TTR website and search for Parent Guide to TTR for more information. You can also print out a heatmap of your child's progress to see which questions they still need to learn. Ask your teacher for more details.
