Cycling Awareness Week - Next week is the UK's cycling awareness week which aims to raise awareness and celebrate cycling. Highlighting all the positives that riding a bike can bring, both to our own health and wellbeing, as well as the wider impacts on our communities and the planet. This year, Cycling UK wants to celebrate cycling as a force for good. They

want to celebrate all who cycle and encourage and enable more cycling, as we know that when more people cycle, we all become happier, healthier, greener and more connected!
