

## Using Tools

When using tools the key is to instil healthy respect for the tool and everyone's safety. We ensure **safety comes first** by allocating a tool safety area and singing the tool song every time we use any tool with a sharp edge. To avoid injury wear a glove on the none tool hand holding the tool with bare skin will reduce slipping.

This is my\_

I Use it for\_

This is its cutting edge

This is the handle.

When I carry my\_

I hold it like this.

When I pass my\_

I pass it like this.

When I use my \_,

I hold it two arms and a tool's length away.

When I am not using my \_

it goes in the tool safety area.
